

Accidental Injury Cover

Unfortunately, things in life sometimes happen when we least expect them - pets can have an accident leaving you facing an unexpected veterinary bill. For only £2.25 per pet per month, you can include Accidental Injury Cover. This provides cover for the cost of treating accidental injuries up to £2,500 per incident, subject to an excess of £75. Examples of accidental traumas may be a fractured leg following a collision with a car or ingestion of a poison or foreign body. Total claims in any 12-month period may not exceed £5,000. The cover is for treatment by our practice, however, in an emergency cover is extended to any UK veterinary practice. Please ask our reception team for further details of cover. Terms and Conditions apply – further details of cover are available from the practice.

Out of Hours Care

We aim to provide our patients with the best level of care throughout the day and night. In order to be at our best through the day, we have sourced excellent out-of-hours care at Apex Vets in Denny (15 minutes drive from Causewayhead). This is for those very rare instances when your pet may require emergency care outwith our normal working hours. To access this, please telephone our practice on **01786 474471** and listen to the recorded answer message. This will provide the mobile number of the duty vet on call at Apex Vets. The mobile number can also be obtained by visiting our website. If transport is required, Apex can put you in touch with a Pet Taxi service.
